The **2023 Astronomy MiniGuide** is a comprehensive list of competent astronomy resources that are currently available on the Internet. The below list of sources is partially taken from my Subject Tracer™ and white paper titled Astronomy Resources 2022/2023 and is constantly updated with Subject Tracer™ bots at the following URL:

<http://www.AstronomyResources.info/>

These resources and sources will help you to discover the many pathways available to you through the Internet to find the latest competent astronomy resources and sites.
