

# Business Intelligence Online Resources 2018

## An Internet Annotated Link Dataset Compilation

By

Marcus P. Zillman, M.S., A.M.H.A.  
Executive Director – Virtual Private Library  
[zillman@virtualprivatelibrary.com](mailto:zillman@virtualprivatelibrary.com)

This Internet Annotated Link Dataset Compilation is dedicated to the latest and most competent resources for business intelligence available over the Internet. With the constant addition of new and pertinent information coming online every second it is very easy to go into information overload. The true key then is to be able to find the important business intelligence resources and sites both in the visible and invisible world wide web. Each of the following selected business intelligence resources and sites have been described along with their current URL address to help you accomplish your business intelligence research goals! My complete link compilation of business intelligence resources is available online and is constantly updated at the following URL:

<http://www.BIOnlineResources.info/>

These resources are designed to aid you in your quest for knowledge discovery for business intelligence resources on the Internet. Suggestions and additional competent resources and sites are also welcomed and will be considered for inclusion in the future.

## **Accurint**

<http://www.accurint.com/>

Accurint® is a LexisNexis® service that brings data to life. Accurint provides information products that allow organizations to quickly and easily extract valuable knowledge from huge amounts of data. These innovative products are made possible by integrating powerful technology, tens of billions of data records on individuals and businesses, and proprietary data-linking methods.

## **Artificial Intelligence Resources 2018 White Paper Link Dataset Compilation**

<http://www.AIResources.info/>

The white paper link dataset compilation of the [Artificial Intelligence Resources 2018 Subject Tracer™ Information Blog](#) by [Marcus P. Zillman, M.S., A.M.H.A.](#) is a freely available .pdf document listing the latest and greatest online resources and sites for artificial intelligence!

## **Beige Book 2018**

<http://www.federalreserve.gov/monetarypolicy/beigebook/default.htm>

Each Federal Reserve Bank gathers anecdotal information on current economic conditions in its District through reports from Bank and Branch directors and interviews with key business contacts, economists, market experts, and other sources. The Beige Book, published eight times per year, summarizes this information by District and sector. An overall summary of the twelve district reports is prepared by a designated Federal Reserve Bank on a rotating basis.

## **Better Management - Business Intelligence**

<http://www.sas.com/knowledge-exchange/?FilterID=10>

Business intelligence (BI) uses knowledge management, data warehouse, data mining and business analysis to identify, track and improve key processes and data, as well as identify and monitor trends in corporate, competitor and market performance.

## **BIme - Transform Data Into Meaningful Analysis**

<https://www.bimeanalytics.com/>

Anyone and everyone can be an analyst with BIME. Easily create datasets and create custom metrics, reports and dashboards - no SQL required. Features include: a) Google Analytics + AdWords For Marketing Teams - Measure campaign performance and ROI from your online ads to website; b) Salesforce + Zendesk for Sales and Support Teams - Track the entire user journey from prospect to customer to churn; and c) Redshift & BigQuery for Data Teams - Use BIME to query, analyze, and visualize everything in your data warehouse.

## **CEO Express**

<http://www.ceoexpress.com/>

CEOExpress.com is designed to be the executive's interface to the Internet. The site's peer editor recognizes that executives have precious little time to obtain all the information they require to conduct business. At the same time, much of the information that executives need is available on the Internet. CEOExpress takes all that information, and by employing expert human editors and "mind ergonomics," pares it down to the 20% that is most critical and useful. That information is delivered to the user's desktop in a clear, easy-to-use format.

## **Company Information Guide - Company Research on the Web**

<http://virtualchase.justia.com/research-resources/business-research>

A guide created by the Genie Tyburski of the Virtual Chase offering resources and sites for conducting research on both public and private companies on the Internet.

## **Company Research Pathfinder from Rutgers University Libraries**

<http://libguides.rutgers.edu/companies>

This Research Guide provides assistance in doing research in a variety of business and management topics, with descriptions of databases and hundreds of reference books in the collections of the Rutgers University Libraries. Links to more than 3,000 selected business and management-related Internet resources are included. **Competia Express** –

## **Competitive Intelligence Resources**

<http://www.competia.com/>

They have compiled lists of sites that they have found to be of the most value in your industry. These lists are far from exhaustive, but they should give you a superb head start.

## **Competitive Intelligence - A Selective Resource Guide - Updated June 2017**

<https://www.llrx.com/archives/subject/competitive-intelligence-resource-guide/>

Sabrina I. Pacifici's completely revised and updated pathfinder focuses on leveraging selected reliable, focused, free and low cost sites and sources to effectively profile and monitor companies, markets, countries, people, and issues. This guide is a "best of list" of web, database and email alert products, services and tools, as well links to content specific sources produced by governments, academia, NGOs, the media and various publishers.

## **Current Awareness Tools 2018**

<http://www.CurrentAwarenessTools.com/>

A report listing the current awareness tools and resources available on the Internet that will allow one to stay current in their profession, business and or special interest. With information overload the buzz it is now more important than ever before to create automated current awareness resources and this report list the very best available tools

## **Subject Tracer™ Information Blogs**

Subject Tracer™ Information Blogs created and developed by the Virtual Private Library™ combine the best of the latest tools on the Internet. Using bots, blogs and news aggregators the Subject Tracer™ Information blogs generate RSS feeds with the latest resources to create a current information resource flow through niched subject tracers. I am proud to be the creator of the Internet's first Subject Tracer™ Information Blogs:
