

Business Intelligence Online Resources 2017

An Internet Annotated Link Dataset Compilation

By

Marcus P. Zillman, M.S., A.M.H.A.
Executive Director – Virtual Private Library
zillman@virtualprivatelibrary.com

This Internet Annotated Link Dataset Compilation is dedicated to the latest and most competent resources for business intelligence available over the Internet. With the constant addition of new and pertinent information coming online every second it is very easy to go into information overload. The true key then is to be able to find the important business intelligence resources and sites both in the visible and invisible world wide web. Each of the following selected business intelligence resources and sites have been described along with their current URL address to help you accomplish your business intelligence research goals! My complete link compilation of business intelligence resources is available online and is constantly updated at the following URL:

<http://www.BIOnlineResources.info/>

These resources are designed to aid you in your quest for knowledge discovery for business intelligence resources on the Internet. Suggestions and additional competent resources and sites are also welcomed and will be considered for inclusion in the future.

10k Wizard SEC Filings

<http://www.10kwizard.com/>

10K Wizard developed a proprietary software to search through the myriad of information available to the public via the SEC's EDGAR (Electronic Data Gathering, Analysis and Retrieval) system. The results? Real-time access and the unique ability to perform keyword searches on up-to-the-minute SEC filings. Hailed as one of the web's best financial sites by the likes of Money Magazine, Fortune Magazine and Business Week, www.10Kwizard.com serves as the flagship site of their company and a shining example of their unique technology.

Accurint

<http://www.accurint.com/>

Accurint® is a LexisNexis® service that brings data to life. Accurint provides information products that allow organizations to quickly and easily extract valuable knowledge from huge amounts of data. These innovative products are made possible by integrating powerful technology, tens of billions of data records on individuals and businesses, and proprietary data-linking methods.

Audit Bureau of Circulation (ABC) eCirc Application

<http://abcas3.accessabc.com/ecirc/index.html>

eCirc is a quick, concise online source for ABC top-line circulation (based on the latest released FAS-FAX report) information. eCirc lets you sort and search summarized circulation data by Publication Title, State/Province, U.S. SRDS or Canadian CARD classifications.

Beige Book

<http://www.federalreserve.gov/monetarypolicy/beigebook/default.htm>

Each Federal Reserve Bank gathers anecdotal information on current economic conditions in its District through reports from Bank and Branch directors and interviews with key business contacts, economists, market experts, and other sources. The Beige Book, published eight times per year, summarizes this information by District and sector. An overall summary of the twelve district reports is prepared by a designated Federal Reserve Bank on a rotating basis.

Better Management - Business Intelligence

<http://www.sas.com/knowledge-exchange/?FilterID=10>

Business intelligence (BI) uses knowledge management, data warehouse, data mining and business analysis to identify, track and improve key processes and data, as well as identify and monitor trends in corporate, competitor and market performance.

makers at the Fortune 500 and the world's most successful small and medium-sized organizations.

Bots, Blogs and News Aggregators 2017

<http://www.BotsBlogs.com/>

A comprehensive site covering the resources for bots, blogs and news aggregators on the Internet including white papers and a video presentation. These areas are considered by some to be the future methods of information retrieval and information dissemination on the world wide web.

Brint.com Business Technology Knowledge Portal

<http://www.brint.com/>

Developing leading edge thinking and practice on contemporary business, information, technology and knowledge management issues to facilitate organizational and individual performance, success, and fulfillment.

Business Filings Databases -- Updated

<http://www.llrx.com/columns/roundup29.htm>

All 50 states make some level of corporate and business filings available online. In a few instances only limited information (such as name availability) is retrievable. The majority of the states, however, use their Web presence to disseminate a range of public business records -- and most of them offer access at no charge. This update reflects changes that have been made in the previously listed databases.

Business Information on the Internet

Business Intelligence Network

<http://www.b-eye-network.com/>

The Business Intelligence Network™ and Resource Library delivers industry-based content hosted by domain experts and industry leaders. The Business Intelligence Network includes horizontal technology coverage from the most respected thought leaders in Business Intelligence, Business Performance Management, Data Warehousing and Data Quality. The Business Intelligence Network serves these communities with unparalleled industry coverage and resources.

Business Intelligence Resources Subject Tracer™

<http://www.BIResources.info/>

Business Intelligence Resources is a Subject Tracer™ White Paper Dataset Link Compilation created and authored by the Virtual Private Library and is constantly updated with Subject Tracer Bots (STB) monitoring the web and deep web for the latest information on business intelligence.

Business Intelligence: White Papers, Webcasts and Product Information

<http://www.bitpipe.com/tlist/Business-Intelligence.html>

A site offering white papers, webcasts and product information concerning all aspects of business intelligence.

Business Wire

<http://home.businesswire.com/portal/site/home/>

Business Wire is the leading source for full-text breaking news releases, multimedia and regulatory filings for companies and groups throughout the world.

CEO Express

<http://www.ceoexpress.com/default.asp>

CEOExpress.com is designed to be the executive's interface to the Internet. The site's peer editor recognizes that executives have precious little time to obtain all the information they require to conduct business. At the same time, much of the information that executives need is available on the Internet. CEOExpress takes all that information, and by employing expert human editors and "mind ergonomics," pares it down to the 20% that is most critical and useful. That information is delivered to the user's desktop in a clear, easy-to-use format.

ChangeTracker - Tracking Change In Washington

<http://www.propublica.org/article/changetracker>

ChangeTracker, an experimental new tool that watches pages on a) whitehouse.gov, b) recovery.gov and c) financialstability.gov so you don't have to. When the White House adds or deletes anything—say a blog post, or executive order ... ChangeTracker will let you know. The latest changes are on their page or sign up to get alerts sent to you. Each
