CURRENT AWARENESS MONITORS, ALERTS AND INFORMATION

TRAPS FOR 2010

The latest comprehensive Awareness Report lists the new and well established Internet resources about Monitors, Alerts and Information Traps to keep you constantly updated about what is happening on the Internet.

NAPLES, FL – The Current Awareness Monitors, Alerts and Information Traps for 2010 (<http://www.eCurrentAwareness.com/>) lists and describes the most useful Internet Monitors, Alerts, and Information Traps for keeping tabs on the latest happening on the Internet. The report is now available for purchase online and for immediate download. For example, this report provides information about services that enable you to monitor millions of online sources, such as news, blogs, and social networks, for any mention of your company, brand, products, and services. In addition, the report lists information traps that efficiently capture and manage information on the Internet by creating selective filters that constantly monitor for content that you are looking for.

For more information on the **Current Awareness Monitors, Alerts and Information Traps for 2010** , please contact Melissa Barker at (800) 858-1462 or at melissa@virtualprivatelibrary.com.

The Virtual Private Library is an extensive subject catalogue of valuable information resources on the Internet. This ground-breaking site hosts a wide collection of unique subject directories created with the power of Subject Tracer Information Bots™. These bots are highly sophisticated computer programs that use artificial intelligence to track down and retrieve valuable and relevant information from databases that are not accessible by traditional search engines.
