Online social networks are becoming a true growth point of the Internet. As individuals constantly desire to interact with each other both in business and in personal contacts, the ability for the Internet to deliver this networking capability grows stronger and stronger. There are a number of excellent resources available to anyone interested in becoming part of the online social networking community of the Internet. I have listed and briefly annotated a number of resources and sites that will start you on your knowledge discovery for online social networking on the Internet. This Internet MiniGuide on Online Social Networking 2021 is a freely available download at the below Subject Tracer™ Information Blog and is frequently updated. Also available as a free download is the white paper link compilation

Figure 1: Online Social Networking 2022 Subject Tracer™ Information Blog
Classmates Online
http://www.classmates.com/
Classmates Online, Inc., founded in 1995 and based in Renton, WA, is a leader in online community-based networking. The Company operates Classmates.com, connecting more than 38 million members with friends and acquaintances from school, work and the military.

CraigsList
http://www.Craigslist.org/
Craigslist is about 1) giving each other a break, getting the word out about everyday, real-world stuff; 2) restoring the human voice to the Internet, in a humane, non-commercial environment; 3) keeping things simple, common-sense, down-to-earth, honest, very real; 4) providing an alternative to impersonal, big-media sites; 5) being inclusive, giving a voice to the disenfranchised, democratizing ...; and 6) being a collection of communities with similar spirit, not a single monolithic entity.

LinkedIn
http://www.linkedin.com/
Find the people you need through the people you trust - Your trusted friends and colleagues can help put you in touch with many more people than you expect; and those people can refer you to thousands of contacts.

Military Advantage
http://www.military.com/
Military.com is the largest online military destination, offering free resources to serve, connect, and inform the 30 million Americans with military affinity, including active duty, reservists, guard members, retirees, veterans, family members, defense workers and those considering military careers.

Mention - The Ultimate Monitoring Tool
https://en.mention.net/
Create alerts for your brand, your industry, your company, your name or your competitors and be informed in real-time about any mentions on the web and social web. Features include: a) Media and Social Monitoring - Monitor millions of sources and don’t miss anything published on social networks, news sites, forums, blog or any web page; b) Live Alerts - Get alerted in real-time via email and push notifications of new mentions. Don’t waste any time. React quickly and efficiently; c) Anti-Noise Technology - Remove the noise coming from homonyms and spam by using our in-house technology that learns from your behavior. Don’t be disrupted any more when mentions don’t match your alert; d) All Devices - Access mention from anywhere.
NetMiner - Social Network Analyzer
NetMiner can be used for general research and teaching in social networks. Also, it can be effectively applied to various business fields, where network-structural factors have great deal of influences on the performance: e.g. intra- and inter-organizational, financial, Web, criminal/intelligence, informetric, telecommunication, distribution, transportation networks.

Spoke - Extending Business Relationships
http://www.spoke.com/
Delivering insight, influence and access through relationships for greater business advantage.
